The Earth is Tilled and Ready

Big Take Away

Our biggest takeaway this quarter has been seeing how things come together in the practical details of life and ministry. Finding our home and breaking ground on the farm reminded us that preparation matters and timing works out.

PRAYER & PRAISE

* Farm Ministry

Pray for wisdom as we prepare the land and plant our first seeds. We're believing for a harvest that will bless the base, staff, and local community.

* Schools at the Base

Pray for the students in our Discipleship Training School and Word By Heart School.

* Viviana's Visa

Please pray as we navigate the process of obtaining Viviana's US visa. There are a lot of moving parts.

* Praise

We found a home in Potrerillos Arriba, just 5 minutes from the base!

Getting Ready for Work on the Farm

We Found a Home & the Farm is Growing!

What a quarter this has been! After months of searching and trusting God's timing, we are thrilled to share that we finally found a home - a house in Potrerillos Arriba, just about 5 minutes from the YWAM base. It has been such a relief and a joy to be settled and to have a place to call home together. Having our own space has also been a huge blessing for the farm ministry. With the car and a home base established, we now have the freedom and stability to pour ourselves into what God has called us to build this year.

AMAZING!

Two schools are running this quarter: the Discipleship Training School and Word By Heart School. We were encouraged to see strong student turnout for both programs. It's exciting to see people come to Panama to be equipped and trained.

you are God's field, God's building."

Noah's Ministry Focus:

My primary focus this quarter has been the farm ministry and it has been hard rewarding work. We began by tilling the land, and are now clearing and preparing it to lay out planting lines in the soil. Our goal is to have our first seeding batch in the ground before the end of March. It has been a physical and spiritual adventure, and we are believing God for a fruitful harvest that will bless the base, our staff, and local families in the community.

Viviana's Ministry Focus:

Viviana has been right alongside me on the farm and has been instrumental in keeping our home and ministry life running smoothly. She has also been actively connecting with the students and visiting groups at the base, building relationships and investing in the community around us. It has been a joy to watch her step into this season with such purpose and energy!

We Built a Website:

We are excited to share that we now have an official ministry website! You can now stay up to date with everything God is doing through our ministry, and the best part — it is available in both English and Spanish, reflecting the bilingual community we are blessed to be a part of. Check it out at WilsonsonMission.org and feel free to share it with anyone who would like to follow along with our journey!

Trip Back to the States:

This quarter I (Noah) had the opportunity to travel back to the United States for the first time in 10 months and what a trip it was! God provided exactly what was needed, including the plane tickets themselves, and the whole experience was an absolute blessing. It was so refreshing to reconnect with friends and family and be reminded of the community that continues to cheer us on from afar. I was also able to connect with many of our supporters in person, which is always an encouraging and energizing time. We are so grateful for each one of you!

We Purchased Good Soil for Planting

We Need You!

The success of missionaries throughout history has always relied on the prayers of those who are committed to interceding. Please pray for us regularly!

We're so grateful for how God has provided! Our monthly support has reached \$1,023 toward our \$2,000 goal.

This helps cover

- housing
- food
- ministry expenses
- healthcare
- other essentials.

If you're led to partner with us monthly, you can give through Mission Enablers International (MEI) or Venmo.

We love hearing from you! Reach us via email or WhatsApp anytime. Thank you for being such a remarkable support team — we couldn't do this without you!
